

Critical Analysis Literature Review

OUTCOME

Primary _____

Objective Subjective Reproducible Y N Important Y N

Secondary _____

Objective Subjective Reproducible Y N Important Y N

Missing? _____

Bias? _____

RESULTS

Statistical Test Used

T-Test Fisher's Exact χ^2 Anova Kaplan-Meier
 Kappa Correlation Wilcoxon Rank/Sum Regression Other

Findings

Properly Applied? Y N _____

Power Reported? Y N

Follow Up Percentage: _____ %

If statistical difference, is it important? Y N

Why? _____

Is the study valid? Y N

Comments _____

Is the study consistent with literature? Y N

Comments _____

Is the discussion biased? Y N

Comments _____

Take home points: _____

CONCLUSIONS
